An MSFGA sanctioned show is one judge evaluating a complete set of sanctioned show classes.

1.2. **Divisions** - All MSFGA sanctioned shows shall have the following four divisions:
   - 1.2.1. Junior Does – age 0 to 24 months;
   - 1.2.2. Senior Does – age over 24 months;
   - 1.2.3. Junior Bucks – age 0-24 months;
   - 1.2.4. Senior Bucks – age over 24 months.

1.3. **Division Winners** - referred to as Grand Champions and Reserve Grand Champions shall be selected in each of the four divisions.

1.4. **Best in Show** - class shall include MSFGA Master Champions and the Grand Champion from each of the four divisions.

1.5. **Best Wether in Show** – There shall be an award for the Best Wether in Show. The Wether classes shall be held after the Best in Show and the winner of the Best Wether in Show will not be eligible to compete in the Best in Show class. The Show Superintendent may divide this category into as many classes as they see fit, but a list of these classes shall be submitted to the MSFGA office for approval prior to sending out information to potential exhibitors.

1.6. **Classes** - The Show Superintendent may divide each division into as many classes as they see fit, but a list of these classes shall be submitted to the MSFGA office for approval prior to sending out information to potential exhibitors. Once division classes are approved, any changes to the classes must be made and submitted to the MSFGA office in writing for approval at least 45 days prior to sanctioned show date.

1.7. **Optional Classes** - The Show Superintendent can offer any optional or fun classes they wish in addition to the MSFGA sanctioned division classes. All goats entered in these classes shall be MSFGA registered.

2. Show Superintendent

2.1. **Superintendent** - Any person may make application to the MSFGA for approval to act as Show Superintendent of a sanctioned show but must agree to abide by the **Rules and Regulations for Sanctioned MSFGA Shows**. Superintendent may not judge their own shows.
2.2. Pre-Show Requirements

2.2.1. Application – The Show Superintendent shall submit an Application for MSFGA Show Sanctioning for each planned show to the MSFGA office postmarked at least 60 days prior to the proposed show date(s). Application shall include a copy of the scheduled sanctioned division classes and a signed judge’s agreement for each show.

2.2.2. Number of Shows - A Show Superintendent may apply for sanctioning of a single show or of multiple shows to be held in the same location at the same time, referred to as cluster shows.

2.2.2.1. These cluster shows may be held consecutively. This would be one complete show following another, as in a show Saturday morning followed by a show Saturday afternoon. The time period may span consecutive days.

2.2.2.2. These cluster shows may be held concurrently, with no more than two shows to be held at the same time. This would be two judges evaluating the same goats, independently, at the same time in a single ring.

2.2.3. Approval - Each show requires a separate application and sanctioning fee. MSFGA will approve the application(s), taking into account any conflict of dates or proximity with other sanctioning applications or approved shows. No two shows within a 1000 mile radius shall be sanctioned on the same day.

2.2.4. Sanction Fee - A non-refundable show sanctioning fee of $50.00 shall accompany the application for each show. The sanctioning fee will cover a complete show to include Doe, Buck and Wether divisions.

2.2.5. Judge Approval - A judge must be approved by the MSFGA prior to the show. The judge’s signed contract and contact information shall be supplied to the MSFGA office at least 60 days prior to the date of the show so that we can provide the judge with a visual standard, written standard, score sheet and ring procedures at least 30 days prior to the show. The judge’s contract is good for the day of the show only. A judge may judge only one show within a cluster show at one location as defined above.

2.2.6. Entry Verification - All goats entered in the show shall be registered with the MSFGA and a copy of the MSFGA registration certificate shall accompany the entry form. The Show Superintendent shall verify that the entry form information is consistent with the information on the MSFGA registration certificate, such as the registration number, name of goat, date of birth, owner, etc. The Show
Superintendent shall check the age of the goat to ensure that it has been entered in the proper class and in the proper division. The base date for calculating the age of an animal shall be the date of the show. Animals that are not shown in the proper class in a division or not in the proper division shall be disqualified and will forfeit all of its wins in the show, including Grand Champion, Best Wether in Show and Best in Show, and will not be counted in the total number of goats shown.

Show Superintendent shall have an accurate measuring device at the show to verify height requirements and all goats shall be measured in before classes begin.

2.3.2. **Disqualifications** - Any goat excused or disqualified for any reason will not be counted in the total number of goats shown.

2.3.3. **Late Class Additions** - No animal shall be added to a class once the judging of that class has begun, unless approved by Show Superintendent.

Each card shall be dated and signed by the judge at the end of each class. Show Superintendent is responsible to ensure that the card has been properly filled out and signed at the end of each class.

2.3.6. **Required at the Show** - The Show Superintendent shall have a copy of these rules and regulations available at the show to be referred to as needed and adhered to at the show.

2.3.7. **Required Forms** - The Show Superintendent shall have blank copies of the “Best in Show Class Transfer Form” available, supplied by the MSFGA.

2.4. **Post-Show Requirements**

2.4.1. **Show Result Documentation** - All of the following show documents shall be submitted to the MSFGA office within 14 days after the sanctioned show has occurred. Failure to send in this
documentation within 14 days of the show may result in losing the sanctioned status of the show. This documentation will include:

2.4.1.1. The signed placement cards for each sanctioned division class, including the Grand Champion, Best Wether in Show and Best in Show classes.
2.4.1.2. A marked catalog/show program or clerk’s book. This marked catalog/show program or clerk’s book must show all of the division classes and all the goats entered in each class and record any absentees in each class.

7. Master Champion Program

7.1. Master Champion Program Defined - An MSFGA sanctioned show where there are a minimum of two farms exhibiting will be a qualifying Championship show. Each Grand Champion win, where at least 5 goats were entered in each senior division and 10 goats entered in each junior division qualifies as a leg toward a Master Champion. The Best in Show win, where at least 10 goats were entered in the show, qualifies as a leg toward a Master Champion only if the winning goat is a division Grand Champion and did not qualify out of its own division. A goat can only earn one Master Champion leg per show.

7.2. Master Champion Defined - A Master Champion is a goat that has been awarded a Championship leg in each of three MSFGA sanctioned qualifying Championship shows under at least two different judges. At least one leg must be earned when the goat is 18 months of age or older.

7.3. Master Champion Competition - Master Champions that have been confirmed by the MSFGA office may not enter regular division classes, but may enter and compete in the Best in Show class against the four winning Grand Champions from the divisions. A goat that has, according to its owner’s records, received three Championship legs but has not yet received the official confirmation from MSFGA may transfer from division class to Best in Show class by filling out and signing the Best in Show Class Transfer Form available from the Show Superintendent, which will be supplied by the MSFGA. However, if the owner is mistaken and the goat has not received three qualifying Championship Legs before being transferred to the Best in Show Class, and the goat should win Best In Show, that win will not qualify as a Championship Leg toward that goat’s Master Championship. Championship Legs can only be earned by goats coming out of the division classes (refer to Section 7.1).

8. Annual Awards

8.1. Mini Silky of the Year – Starting in 2009 the MSFGA will recognize the Mini Silky who has amassed the most points during a calendar year. Points will be awarded at each MSFGA sanctioned show for the Best in Show winner equal to the number of goats exhibited in the regular classes of that show to include Master Champions entered in the Best in Show class. At the end of the year the winning Mini Silky will receive an award from the MSFGA to commemorate the achievement. The winning Mini Silky will be inducted into the MSFGA Hall of Fame and will be listed on the MSFGA Hall of Fame webpage forever as Mini Silky of that particular year.

8.2. Mini Silky Wether of the Year – Starting in 2009 the MSFGA will recognize the Mini Silky Wether who has amassed the most points during a

The winning wether will be inducted into the MSFGA Hall of Fame and will be listed on the MSFGA Hall of Fame page forever as Mini Silky Wether of that particular year.
